PROJECTS

Mobile Application for Local Service Providers and Homeowners (HireNFix)

Capstone Project / Design Lead

- Designed the complete mobile user interface (UI), layouts, and interactive prototypes in Figma to ensure a professional and seamless user experience.
- Established user flows and component states for both homeowners and service providers, optimizing the platform for easy navigation and scheduling.

Coffee Shop Website Development (Coffee Flight)

Design Lead

- Designed and developed a responsive web interface for a local coffee shop client
- Utilized Tailwind CSS to build a modern, visually clean frontend that highlights the brand's aesthetic and menu offerings.

Tabletop Game (Aswang Mayhem)

Asset Game Designer

- a 6-player, horror-themed tabletop game where players collaborate to complete map goals and escape enemy mythical creatures. Created cohesive visual assets that perfectly matched the specific theme, art style, and color palette of the game.
- Created 2D character sprites, unique NPCs, and environmental backgrounds using Ibis Paint to match the game's folklore aesthetic.

Digital Game (Sabay Sayaw)

Asset Game Designer

- Designed a rhythm-based digital game featuring arrow-key inputs to sync character dance movements to music cues.
- Digitally illustrated environmental backgrounds and interactive UI arrow assets using Ibis Paint.
